

Acme Widgets Annual Report 2023

Acme Widgets designs and sells modular dashboard widgets for small businesses. In 2023 the company expanded into two new regions: the Pacific Northwest and Northern Europe. Customer support response time improved from 18 hours to 6 hours.

Revenue by Product Line

The table below summarizes revenue (in millions USD) for each product line.

Product	2022 Revenue	2023 Revenue	Growth
Core Widgets	12.4	15.1	21.8%
Analytics Pack	4.2	6.8	61.9%
Support Plus	2.1	2.9	38.1%
Total	18.7	24.8	32.6%

Outlook

For 2024, Acme Widgets plans to launch a mobile companion app and hire 40 additional engineers. The CEO stated that Analytics Pack is expected to overtake Core Widgets as the fastest-growing line.
